

28 Stylish Ways To Try The Vintage Decor Trend

Personalizing a space and adding meaningful touches, whether through [vintage art](#), classic furniture, or heirloom pieces, is part of what makes the vintage decor trend of 2023 so timeless. "Art is personal, but if you are thrifting or going to flea markets, it is the fastest way to make your house interesting," said designer and best-selling author [Emily Henderson](#) on the [First in Line](#) podcast.

That's because evoking past eras in your decor while elevating them for modern times is just good design. Avoid the bandwagon trends and take this versatile and sustainable one for a spin. "Along with the Art Deco-inspired spaces we've been seeing and will continue to see, we'll start to see nods to other distinctive styles that are graphic and bold like Brutalism and Bauhaus," says Eddie Maestri, principal architect, creative director + owner at Dallas-based [Maestri Studio](#). British-style furniture and table fabric draping, he says, is also on trend for the year. In fact, European influences all around are making their way into our homes, according to the experts at [The Citizenry](#). It's up to you to decide how to breathe new life into your vintage decor finds — but that's what makes this nostalgic trend so fun to design around.

European And Vintage-Inspired Decor

"Design with nostalgia in mind will continue," said Gideon Mendelson, founder and creative director of [Mendelson Group](#). "I don't mean mid-century or retro. I think this idea of Granny-chic is evolving to a less kitschy/more sophisticated style which I really appreciate." This room by designer [Caroline Brackett](#) says English Countryside all over.
