

Interior designers share their favorite Benjamin Moore paint colors – and there's something for every style

With so many paint colors to choose from, giving a room a refresh can be quite overwhelming. These are designers' favorite Benjamin Moore shades – from across the rainbow

5. GREEN PAINTS

Green rooms are all the rage at the moment, and the color stuns in just about any design style – ranging from sage to hunter, there's something for everyone.

Caroline Brackett, principal designer of Caroline Brackett Studio of Design, says she often opts for dark and versatile Peale Green when designing 'vanities, moody spaces or updated front doors.' The shade stuns next to vibrant wallpaper on this windowpane, pictured above.
